WEBSITE TEAM RECRUITMENT

The task is to create a total of 5 web pages which are divided into 3 stages.
The first and the second pages come in stage 1. The third and the fourth page come in stage 2. The 3rd stage contains the lone fifth page.
The designs of the first four pages are illustrated in this document. The design of the fifth page is described at the end.

You can use html, css, bootstrap and the resources present on the internet for this task. You can add new things based on your creativity, but the basic layout should remain the same.
The website should be mobile responsive too.
You have 48 hrs for this task starting from 21:00, 3rd August, 2019.
The submission process will be shared with you later.

Info About Pages

Page 1
The landing page for the website. Contains links to other pages too.

Page 2
Sort of a gallery of images.

Page 3
Timeline of events. The node of the completed, ongoing and future events are colored differently.

Page 4
Contains a bar graph for team rankings

Gallery Timeline Chart Animation

The Fifth Page

The fifth page must contain a 3js animation.
You can find the resources from the following site.
https://threejs.org/examples/

Choose any one you like.(Don’t spend too much time on choosing)
This page should also be mobile responsive.

Additional Instructions

You can use your own images wherever required.
You can change the text too or give headings wherever deemed necessary.
You can also change the color code according to your style.
It would be better if you use Ignite's official color codes which are given below.

The first 3 are Primary colors while the last 2 are accent colors. You can tweak the colors a little bit based on your preference.
